

Notification of Data Security Incident

June 6, 2025 - On October 23, 2024, Loncar Lyon Jenkins (“Loncar”) became aware of suspicious activity within its network. Upon discovery, Loncar took swift action to secure its network. Loncar then immediately began working with third-party computer specialists to investigate the full nature and scope of the incident. Based on the investigation, it was determined that a limited number of Loncar email accounts were subject to unauthorized access. As a result, together with third-party specialists, Loncar began a comprehensive review of the contents of those accounts to determine the type of information contained therein and to whom that information related. This comprehensive review process was completed on May 8, 2025.

Following completion of a comprehensive and time-intensive review process, Loncar determined that information related to some of its clients may have been potentially impacted. The type of information contained within the affected data may include a first and last name, in combination with one or more of the following: Social Security number, driver's license or state identification number, and/or medical diagnosis and/or treatment information.

At this time, Loncar is not aware of any evidence to suggest that any information has been fraudulent misused. However, in an abundance of caution, Loncar is notifying potentially impacted individuals of this incident.

Although, there is no evidence of actual or attempted fraudulent misuse of information as a result of this incident, individuals are nonetheless encouraged to monitor their account statements for suspicious activity and to detect errors.

Loncar has established a toll-free number to answer questions about the incident and to address related concerns. The number to call is 1-800-405-6108 during the hours of 8:00 a.m. to 8:00 p.m. Eastern Time, excluding holidays.

Loncar takes the privacy and security of the information in its care seriously, and sincerely regrets any worry or inconvenience this incident may have caused.
